Moorebank High School

Year 12
Higher School Certificate
Course
2021

Assessment Policy and Procedures

1. The Nature and Purpose of HSC Assessment

1.1. HSC assessment tasks

HSC assessment tasks help students learn, expand knowledge and encourage them to challenge themselves. They also show how much students have learnt and where they need to improve. By completing HSC assessments students prove they have satisfactorily completed a course. Most importantly, they also contribute to a student's final HSC mark.

Assessment tasks allow students to show what they know, understand and can do in ways that may not be possible in a written examination. School-based assessments also give students the chance to address any weak areas in knowledge before they sit external HSC exams.

1.2. Contribution of assessment marks to the HSC

A student's moderated school assessment mark will contribute 50% of their final HSC result. In short, the moderation of assessments is a statistical procedure that uses the external exam marks for the whole school group in that course to adjust the school's assessment marks for those students. For each course the procedure adjusts the average of the school assessments to be equal to the average of the examination marks obtained by the group. It also sets the top school assessment to be equal to the top examination mark, and sets the bottom assessment mark to be equal to (or close to) the bottom examination mark.

2. Assessment Procedures

2.1. Student rights:

- to be informed of the assessment policies of the school and the Board of Studies
- to receive clear guidelines relating to the requirements of each assessment task
- to be told in advance of the due date for each assessment task
- to receive feedback that assists you to review your work
- to query the mark for an individual task at the time it is returned to you
- to request a review of the calculation of the final assessment mark if you believe your final assessment rank is incorrect.

2.2. Student responsibilities:

- to become familiar with and follow the assessment requirements set by the school and the rules in the Rules and Procedures for Higher School Certificate Candidates booklet
- to complete all set tasks on time, or follow correct procedures if you are unable to meet a deadline
- not engage in behaviour which could be considered cheating or malpractice, including plagiarism
- to ensure that all assessment work is your own or acknowledge the contribution of others
- to follow up any concerns you have with tasks at the time they are marked and returned.

2.3. School responsibilities:

- to set assessment tasks which will be used to measure student performance in each component of a course
- to specify a mark / weighting for each assessment task
- to inform students of the requirements of each assessment task
- to give reasonable advance notice in writing (usually two weeks) of the exact date for completing or submitting the task
- to keep records of each student's performance on each assessment task
- to provide students with information on their progress.

3. Submission of Tasks

3.1. Absence when a task is notified

Whenever students are absent from school, it is their responsibility to ensure that they know what work has been missed and to catch up on this work. The same conditions apply if students are absent when written notification of an assessment task is issued. No automatic extension is granted to students who are absent on the day the notice of the task is given. However, if a student has had a prolonged absence, on the day of their return to school they may submit to the Deputy Principal Curriculum an Application for Special Consideration.

3.2. Extensions to due dates or special consideration

An extension of time for completion of tasks may only be granted by the Deputy Principal after consultation with the appropriate Head Teacher. Students must apply to their Deputy Principal using the school's Application for Special Consideration, **well before the due date of the task.** Extensions will only be granted in cases of severe illness or other exceptional circumstances. Documentation must be provided to substantiate your appeal. A medical certificate will be required in cases of illness.

3.3. Process for submitting tasks completed outside the classroom

All tasks must be submitted to your classroom teacher during your scheduled lesson time unless otherwise stated on the Assessment Notification. All tasks are to be submitted as a hard copy unless otherwise stated on the Assessment Notification. A Declaration of Authenticity must be signed by the student and be submitted with the completed assessment task.

3.4. Prior knowledge of absence

Where a student has a clash between an assessment task and another authorised school activity the student must notify their Deputy Principal and complete an Application for Special Consideration. The Assessment Appeals Committee, if the application is upheld, will either determine an alternative method for submitting the task or will grant an extension.

Where a student knows in advance that they will be absent on the day that an assessment task is to be submitted, the student must notify their Deputy Principal and their class teacher, and submit the work before the due date.

3.5. Absence due to illness / misadventure

It is a student's responsibility to perform / submit all tasks which are part of the Assessment Program. Assessment tasks must be submitted by the due date and time, or be performed in class at the specified time. Should a task be submitted late, without first gaining an extension from their Deputy Principal, then a mark of zero will be awarded.

A student who is absent from school because of illness or misadventure on the day an assessment task is due, has the responsibility to carry out the following procedure;

- Notify the school by telephone by 9.00 am on the day the task is due and speak to the relevant Head Teacher to make arrangements for the task to be submitted by fax or email on that day, or, explain why the task cannot be submitted and give an anticipated date of when it will be.
- On the day of their return to school, see their Deputy Principal to submit an
 Application for Special Consideration. The student must provide independent
 evidence of the facts, detailing why the circumstances prevented them from
 submitting the task on time. Details can be supplied on a confidential basis where
 necessary. Students who appeal on the grounds of illness must provide a medical
 certificate for the relevant time period.
- Be prepared to sit for the task, or if deemed appropriate, a substitute task, on the day of their return to school.

The following are not acceptable reasons for misadventure (this is not an exclusive list).

- Technology problems.
- Misreading assessment notifications / examination timetables.
- Long-term illness, such as glandular fever, asthma and epilepsy, unless there is evidence of a sudden recurrence.
- Sleeping in.
- Family business, such as meeting relatives at airports.
- Attendance at cultural activities.
- Family holidays that are not part of approved leave.

3.5.1. Extended leave (Travel or Holiday).

From the beginning of 2015 family holidays and travel are no longer considered by the Department of Education under Exemption from School Procedures. Travel outside the vacation period is now counted as an absence. The Department of Education encourages families to travel during school holidays. If travel during school term is necessary an Application for Extended Leave - Travel needs to be completed at least 4 weeks prior to the date of intended travel. Only if the principal accepts the reason for the extended absence will an Application for Special Consideration be considered.

3.6. Illness / misadventure while sitting an assessment task

If a student attempts an assessment, the mark obtained in that task will stand. Teachers must assess the student's actual performance, not potential performance. Assessment marks cannot be modified to take into account possible effects of illness or domestic situations.

If you become ill during an assessment, or there is a misadventure, you should immediately inform the supervisor / teacher. You will need to complete an Application for Special Consideration, supported by independent evidence, including a medical certificate for an illness. If your appeal is upheld, you will be required to sit a substitute task or, in exceptional circumstance, you will be provided with an estimate based on other tasks.

3.7. Malpractice

All work presented in assessment tasks and HSC examinations (including submitted works and practical examinations) must be your own or must be acknowledged appropriately. Malpractice, including plagiarism, could lead to a student receiving zero marks for the task or examination, and will jeopardise the student's HSC results.

Malpractice is any activity that allows you to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as your own
- using material directly from books, journals, CDs or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as your own
- submitting work that another person, such as a parent, coach or subject expert, has contributed to substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- cheating in an examination
- using non-approved aids during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.

In the case of suspected plagiarism, students will be required to provide evidence that all unacknowledged work is entirely their own. Such evidence might include, but is not limited to, the student:

- providing evidence of and explaining the process of their work, which might include diaries, journals or notes, working plans or sketches, and progressive drafts to show the development of their ideas
- answering questions regarding the assessment task, examination or submitted work under investigation, to demonstrate their knowledge, understanding and skills.

3.8. Non-serious attempts of tasks

A non-serious attempt is where a student submits an assessment task which shows little or no thought / effort, which is generally incomplete or which contains frivolous or objectionable material. Where a teacher and Head Teacher have deemed a student to have made a nonserious attempt, a mark of zero will be awarded.

3.9. Non-discriminating or invalid tasks

If a task is given and is found to be non-discriminating between students, being invalid or having problems associated with its administration, it may be discarded and an alternative task set. In these circumstances, the Principal may determine that another task be done, and / or adjust the weightings accordingly. If it is decided that the original task be still used, it could have a reduced weighting, with the additional task added to the assessment weightings for the course. The Principal may decide to discard the original task completely and a replacement task will be organised. If an alternative task is to be given students will be notified in writing and be given sufficient notice.

3.10 Attendance on day task is due

Students must arrive to school on time and attend all scheduled lessons on the day of a task, unless other arrangements have been communicated (eg. formal examinations). Students with a scheduled late start may arrive according to those approved times. Students who arrive late or truant classes will have gained an unfair advantage over other students and will consequently receive zero for that task.

3.11 Working on tasks during lesson of other subjects

Students must not truant classes to work on assessment tasks or use time during lessons of other subjects, unless prior approval has been sought and given by the Head Teachers involved and this will only be in exceptional circumstances. Students may work on assessment tasks during designated study periods. Students who use time during lessons of other subjects to work on assessment tasks will have gained an unfair advantage over other students and will consequently receive zero for this task.

4. Reviewing Progress

4.1. Course Completion Criteria

A student will be considered to have satisfactorily completed a course if, in the Principal's view, there is sufficient evidence that the student has;

- Followed the course developed or endorsed by the Board; and
- Applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- Achieved some or all of the course outcomes.

In HSC courses the **minimum requirement** is that the student must make a genuine attempt at assessment tasks that contribute **in excess of 50 percent** of available marks in the course.

4.2. Attendance

Principals may determine that, as a result of absences, the course completion criteria might not be met. A student whose attendance is called into question will be required to prove, to the Principal's satisfaction, that they are meeting course completion criteria. At Moorebank High School, students whose attendance falls below 85% may have their performance reviewed.

4.3. Warning of 'N' determination

If at any time it appears that a student is at risk of being given an 'N' (non-completion of course requirements) determination in any course, the school will warn the student as soon as possible and advise the parent or guardian (if the student is under 18 years of age) in writing. This warning letter will advise the student and parent of the tasks or actions to be undertaken in time for the problem to be corrected.

Students who have not complied with the requirements for satisfactory completion of a course at the time of finalising assessments cannot be regarded as having satisfactorily completed the course. The Principal will then issue a non-completion determination.

5. Vocational Education and Training (VET) Courses

5.1. Nature of assessments

Students in VET courses (Construction; Hospitality; Sport Coaching) are assessed against the units of competency outlined in the Competency Record Book for the course. Competency based assessment means that students demonstrate the required level of performance. Rather than marks being awarded, students are assessed as being either competent or not yet competent. Assessment events may assess a number of competencies at the same time. Students will be notified two weeks in advance of an assessment event. Students may, if appropriate, be provided with more than one attempt to demonstrate their competency. If, in the opinion of the teacher, a student does not make a serious attempt, they will not be given further chances to demonstrate the competency. Students will only be given a maximum of three attempts at any assessment task.

All procedures outlined in this policy regarding attendance, misadventure etc. also apply to VET assessments.

5.2. Moderation of assessment tasks

Where Moorebank High School has two teachers trained in the VET Curriculum Frameworks, they review assessment activities and expected standards to ensure consistency between classes and compliance with industry standards. Otherwise they check with teachers in other schools to ensure consistency of industry standards.

5.3. Appeals

Students have the right to lodge an appeal against the assessment of their competency on the following grounds:

- The assessment process did not provide them with a fair and reasonable opportunity to demonstrate their competency.
- They were not informed in advance of the conditions and method of assessment.
- The process was discriminatory in some way.
- They were ill or suffered misadventure at the time of the assessment (must be supported by a medical certificate)

Appeals and / or applications for special consideration are to be made to the Deputy Principal Curriculum following the guidelines outlined in this policy.

5.4. Work Placement

Students undertaking a VET course as part of their Higher School Certificate are required to undertake 35 hours of work placement. Failure to complete work placement will render the student ineligible for the unit credits towards the HSC credential. Work placement must be arranged through the school. The school will work with the Registered Training Organisation for South West Sydney who ensures the employer completes the appropriate consent forms, especially in regard to Insurance Indemnity and Child Protection. Students will not be allowed to attend work placement without the approval of the school.

6. Examination / Assessment Rules

6.1. Attendance

It is the responsibility of each student to arrive on time at the correct venue and to remain in the assessment / exam room for the set duration of the task.

6.2. Equipment

Written work must be written in blue or black pen, not pencil. Mobile phones and electronic devices, such as organisers, MP3 players and dictionaries are not permitted during in-class assessments or examinations. Any specific equipment you are required to bring must be in working order. Illness / misadventure appeals on the grounds of forgotten equipment, or for equipment that did not work properly, will not be accepted.

6.3. Conduct during in-class assessments or examinations

Students must not speak to any other person during an in-class assessment or examination other than the supervisor of the task. Students must also not behave in any way likely to disturb the work of any other student or upset the conduct of the task. Students also are not allowed to eat during a task, except as approved by the Learning Support Teacher (e.g. for diabetic students)

If a student does not follow these rules, of if they cheat in any way, they will be removed from the class room / examination room and will receive zero for the task

7. Appeals and Reviews

7.1. Dispute regarding assessment marks

Each student has the right to ask the class teacher why a particular mark was awarded for a specific assessment task. If the student is dissatisfied with the response given, the Head Teacher of the subject involved should be consulted. Disputes over an individual task must be resolved with the Head Teacher on the day the task is returned. The Head Teacher's decision in these matters is final.

7.2. Disputes regarding the administration of assessment tasks

Each student has the right to appeal the administration of a task if this has led to an inequitable situation. This includes inequitable processes being applied in the management of the task or student(s) gaining an unfair advantage as a result of cheating, prior knowledge or unauthorised time extension. Students may also appeal if the task does not conform to the school's assessment policy. Such appeals will be made to their Deputy Principal using the Assessment Task Appeal Form. **Appeals must be submitted within three days of the dispute arising.**

8. Disability Provisions

8.1. HSC examinations

Disability provisions in the HSC are practical arrangements designed to help students who have a permanent or temporary disability that would, in a normal examination situation, prevent him or her from reading the examination question and / or communicating his or her responses. The provisions are granted by the NSW Standards Authority (NESA) and are determined by how the student's exam performance is affected by the disability. Provisions may include use of a writer, extra time or rest breaks. Students who wish to apply for disability provisions should see the Head Teacher Teaching and Learning.

8.2. School assessments

Principals have the authority to decide on, and to implement, disability provisions for school-based assessment tasks, including examinations. Students with a permanent or temporary disability that would impact on his or her ability to complete an assessment task should see the Learning Support Team who, in consultation with the relevant curriculum Head Teacher(s), will consider the type of provisions that will be provided. The granting of school-determined provisions will not guarantee that similar provisions will be provided by the NESA in the HSC examination. NESA does not consider the lack of familiarity with the English language to be a disability in this context. Therefore, provisions such as the use of an English/foreign language dictionary will not be approved for students disadvantaged solely because of lack of familiarity with the English language. Students for whom disability provisions are approved may not be eligible for illness/misadventure consideration for the same condition unless they experience a deterioration or variation in their condition during the actual assessment.

9. Results and Credentials

9.1. Notification of assessment results

Students are provided with information on their performance in each task (mark and / or rank) after the completion of each task. Students are not told their final school assessment mark, but will be given their progressive ranking. Students will also be supplied with meaningful feedback after each task about what they are able to do and what they need to do in order to improve their level of performance.

9.2. Assessment ranking appeals

After the final HSC examination, students can obtain their rank order for assessment in each course via Students Online. If a student feels that their placement in any course is not correct, they should talk to their teacher immediately. If the student is still not satisfied that the ranking is correct, they may apply to the Principal for a review.

There is no provision for a review of the marks received for individual assessment tasks. Reviews are limited to the assessment process. The only matters that the school will consider are whether or not:

- the weightings specified by the school in its assessment program conform with the Board's requirements as detailed in the relevant syllabus
- the procedures used by the school for determining the final assessment mark comply with its stated assessment program
- computational or other clerical errors have been made in the determination of the assessment mark.

If a student wishes to apply for a review, they must do so by the date specified by the Board. The school will advise the student of the outcome of its review, and will advise the Board of any changes to assessment marks.

If a student is dissatisfied with the outcome of the school review, they may advise the Principal that they wish an appeal to be sent to NESA. A student cannot appeal against the marks awarded for individual assessment tasks. NESA will consider only whether:

- the school review process was adequate for determining the bullet points above
- the conduct of the review was proper in all respects.

NESA will not revise the assessment marks or rank order. If the appeal is upheld, NESA will direct the school to carry out a further review. Further details about reviews and appeals are on the assessment appeal form, which can be obtained from the school. Appeals to NESA must be lodged at the school by the date on the form. No extension will be considered.

9.3. The Higher School Certificate

Moderated school-based assessment marks will contribute 50% of a student's final HSC result. The other 50% of the marks will be based on performance in the HSC examination for each course.

A student's achievement in each course in the HSC is reported in relation to defined standards, ensuring students are rewarded for their performance with the mark they deserve, no matter how many other people performed at a similar, higher, or lower level. There is no pre-determined number of students in each mark range. A student's HSC credentials will include a HSC testamur, Record of Achievement, and a Course Report for each course studied. If a student studied a Vocational Education and Training course, they may also receive an Australian Qualifications Framework VET certificate or VET Statement of Attainment. A student's HSC results will be reported on their Record of Achievement. In most courses, a student's result will consist of their Examination mark and their Assessment mark, which determines the HSC mark for each course studied. A student's HSC mark will align with a performance band describing the performance of a typical student in that mark range in the course.

Public Schools NSW, Ultimo Registered Training Organisation 90072 VOCATIONAL EDUCATION and TRAINING 2021 HOSPITALITY FOOD and BEVERAGE COURSE DESCRIPTION

This may change due to Training Package and NSW Education Standards Authority (NESA) updates.

Notification of variations will be made in due time.

Course: Hospitality - Food and Beverage

2 or 4 Preliminary and/or HSC units in total

Board Developed Course

Category B for Australian Tertiary Admission Rank (ATAR)

This course is accredited for the HSC and provides students with the opportunity to obtain nationally recognised vocational training. This is known as dual accreditation.

SIT20316	Certificate	ll in	Hospitality
ULIZUJIU	Certificate		HUSDILAHLV

Based on SIT Tourism, Travel and Hospitality training package (Release 1.2)

Units of Competency

Core

BSBWOR203 Work effectively with others

SITHIND002 Source and use information on the hospitality

industry

SITHIND003 Use hospitality skills effectively SITXCCS003 Interact with customers

SITXCOM002 Show Social and Cultural sensitivity
SITXWHS001 Participate in safe work practices

Electives
SITXCOM001 Source and present information
SITHFAB005 Prepare and serve espresso coffee

SITHFAB007 Serve food and beverage

SITXFSA002 Participate in safe food handling practices
BSBSUS201 Participate in environmentally sustainable work

practices

SITHFAB004 Prepare and serve non-alcoholic beverages
SITXFSA001 Use hygienic practices for food safety
SITHCCC002 Prepare and present simple dishes
SITHCCC003 Prepare and present sandwiches

Students may apply for Recognition of Prior Learning and /or credit transfer provided suitable evidence is submitted.

Recommended Entry Requirements

Students selecting this course should be interested in working in a hospitality environment preparing and serving food and beverages to customers. They should be able to lift and carry equipment, use hand held and larger commercial kitchen equipment. Students may be required to participate in after-hours school events and functions. There will be out of class homework, research activities and assignments.

Examples of occupations in the hospitality industry:

- Café attendant
- Barista
- Kitchen hand
- Food and beverage attendant

Mandatory HSC Course Requirements Students must complete 240 indicative hours of course work and a minimum of 70 hours work placement. Students who do not meet these requirements will be 'N' determined as required by NESA.

External Assessment (optional HSC examination for ATAR purposes)

The Higher School Certificate examination for Hospitality Food and Beverage is only available after completion of 240 indicative hours and will involve a written examination consisting of multiple-choice items, short answers and extended response items. The examination is independent of the competency-based assessment undertaken during the course and has no impact on the eligibility of a student to receive a vocational qualification.

Competency-Based Assessment

Students in this course work to develop the competencies, skills and knowledge described by each unit of competency listed above. To be assessed as competent a student must demonstrate to a qualified assessor the competency requirements for performance and knowledge of the units/s of competency.

Appeals and Complaints

Students may lodge a complaint or an appeal about a decision (including assessment decisions) through the VET teacher.

Course Costs: Resource/ Consumables \$ 120.00 Refund Arrangements on a pro-rata basis

Uniform: \$28.00 (approx.)

Please see your VET teacher to enquire about financial assistance
