

Dear Parents, Carers and Students,

Firstly, I would like to take this opportunity to thank all the parents that have touched base with the school with their positive and encouraging emails. They were very much appreciated by myself and my staff.

I am writing to you all today, because I understand that there has been some concerns with students and parents/carers in regards to the amount of work, internet connectivity and timeframes for submission of tasks. These concerns have been causing some stress and we are working on processes and procedures for clear guidelines to be able to alleviate this stress. This information will be issued to all students, staff and parents shortly.

I appreciate your understanding and patience, these are uncharted waters for us all and as we encounter issues, we will do our best to address and resolve them.

Please be aware that at this time I am freezing all school fees. I ask that parents not feel obliged to make payments to the school. Your family's wellbeing and health is paramount to us and we understand that at this time resources are scarce.

Further, if you have not already done so, it is imperative that you notify the school as a matter of urgency if your child does not have access to a computer or internet at home.

Again, I reach out to any family that is struggling financially at the moment, please make contact with the school as we will attempt to support you in any manner that we can.

Yours sincerely,

Vally Grego

Principal
